Instrument Service and Repair  
Powered by InstruMedics LLC

Limit uncertainty with  
superior repairs

INTEGRA™  
LIMIT UNCERTAINTY

## InSite™ Facility Based Repair Lab

Best solution for the busiest hospitals to minimize downtime and limit uncertainty.

Dedicated space within the hospital or off site, offers the ultimate in preventive maintenance, convenience and cost savings. The InSite™ lab is designed, equipped, installed, stocked and professionally staffed by InstruMedics LLC, at no charge to the customer five to six days every week.

### Advantages

- InstruMedics' headcount at your disposal
- Capitated pricing programs
- Hard and soft savings guaranteed
- Eliminate spikes in processing
- Work around busy surgical schedules

## Van Based Service

Van-based service allows you to control the frequency of repair and maintenance visits. Ninety percent or more of instruments can be addressed via van-based repairs, on your schedule, returned the same day.

### Advantages

- Ease of scheduling
- Quick turnaround times

## National Repair Lab

Located in Ann Arbor, Michigan, the national repair lab can handle virtually any repair and restores the instrument to its original specifications.

### Advantages

- Broadest capabilities
- OEM authorized

## Repair Capabilities

For all surgical instrumentation we repair, InstruMedics is committed to superior quality standards that result in impeccable instrument performance. InstruMedics' repair capabilities include all types of handheld stainless steel instrumentation, endoscopic instruments and equipment.

## Surgical Instrumentation

- Sharpening
- Alignments
- Parts replacements
- Powder coating and plating
- Routine Maintenance
- Tray refurbishing

## Endoscopic Equipment

- Flexible Scopes
- Rigid Scopes
- Video Camera Systems

## Power and Other Equipment

- Power Equipment
